ICAR - CENTRAL INSTITUTE FOR WOMEN IN AGRICULTURE, Bhubaneswar
स्वच्छ भारत अभियान (Swachh Bharat Mission)

Monthly Report (June, 2018)

As part of the Capacity Building Programme on "Mission Possible" and World Environment Day celebrations on 5th June, 2018, all the participants of the programme formed a human chain and made a promise for beating plastic pollution.

As part of the "Scientists-Farmwomen Interface" organized under the Project on 'Developing gender sensitive model for doubling farmers' income by addressing gender concerns and technological gaps' at Nuasahi village in Nimapara block of Puri district on 6th June, 2018, Dr. S.K. Srivastava, Director, ICAR-CIWA, highlighted the role of women in reducing the farm expenditure using different technological options for recycling of farm wastes. Awareness was also created among farmwomen on *Swachh Bharat Abhiyan*, about the significance of hygiene and sanitation, keeping the hamlet neat and clean, prompt method of waste disposal and composting of agricultural wastes.

Weekly on-campus cleanliness drives were also carried out in the land area/ plot earmarked for each Staff in CIWA premises, and also in common areas. In the cleanliness drives in the common areas, such as office premises, farms and approach roads, along with the regular staff, the contractual farm staff also took part actively.

Awareness creation on recycling of farm wastes
